

VISHESH SUNIL SANGHVI

SOFTWARE ENGINEER | BACKEND, DATA & INTEGRATION ANALYST

Charni Road, Mumbai-400002 | visheshsanghvi112@gmail.com | www.visheshsanghvi.me | +91 7977282697 | DOB- 10-06-2002 |

PROFESSIONAL SUMMARY

Experienced in backend engineering, automation, data systems, and AI/ML using Python. I build scalable APIs, ETL pipelines, scrapers, analytics tools, and intelligent systems with FastAPI, Django, Pandas, NumPy, and scikit-learn. I also develop ERP-level applications and handle deployments on cloud platforms, focusing on reliability, performance, and real-world usability. From data pipelines to neural networks, I design, optimize, and scale software that solves practical problems and delivers measurable value.

EDUCATION

Masters In Big Data Analytics (MSCBDA)

July 2024 - April 2026

Mumbai University | JainHind College

- Specialization in Data Analytics & Machine Learning.

Bachelor of Science in Information Technology (BSCIT)

Aug 2021 - Mar 2024

HSNC University | KC College

- Completed (BSCIT) with relevant coursework in Software Development , Database Management and Network Security, (CGPA : 8.98)

EXPERIENCE

Associate Analyst | Software Development Engineer | [Ambica Pharma](#)

May 2024 - Present

- Led the digital transformation of Yugrow Pharmacy ERP (300+ franchises), upgrading legacy PHP systems to PHP 8.2+ and migrating infrastructure from cPanel to DigitalOcean. Built APIs with FastAPI, integrated ML-driven pricing and operational analytics, and rebuilt customer-facing platforms with Next.js for high-performance web experiences. Delivered AI-powered tools (email analyzer, chatbot, WhatsApp API integration) and designed 4+ enterprise-grade landing pages with modern, responsive UI and SEO.

Freelance Web Developer

Sept 2021 - Jan 2024

- Developed multiple responsive websites and e-commerce platforms across varied industries. Led UI/UX, full-stack implementation, and database integrations using MongoDB and SQL. Delivered modern, scalable solutions with smooth browsing, product showcasing, and secure data handling.

Human Resources Manager at Prateek PowerIndustries Udaipur

Nov 2020 - Aug 2021

- Recruited skilled engineers for CNC machinery and industrial electrical projects (Indira IVF, Siemens) while managing labor wages and basic accounts using Tally to support seamless project execution.

INTERSHIPS

Data Analyst | [Pinnacle Labs](#)

(Remote)

- Gained hands-on experience with cloud infrastructure, deployment, and cloud-based solutions during a 1-month internship.

Machine Learning Intern | [CognoRise InfoTech](#)

(Remote)

- Developed machine learning models for diabetes and house price prediction, sentiment analysis, and breast cancer classification using algorithms like KNN, Random Forest, and Logistic Regression.

Data Analyst Intern | [Oasis Infobyte](#)

(Remote)

- Performed exploratory data analysis on retail sales, built predictive models for house prices, and developed interactive dashboards using Python and data visualization tools.

Data Analysis Intern | [Cognifyz Technologies](#)

(Remote)

- Conducted data cleaning, analysis, and visualization on business datasets, designed export data forms, and optimized data processes using Python.

TECHNICAL SKILLS

- Languages:** English, Hindi , Marathi , Gujrati , Marwari.
- Hobbies :** Sketching , playing competitive games like fifa , COD , cricket , football, chess, vibe coding.
- Skills :** Docker, Machine learning , Azure, DigitalOcean, MongoDB, SQL ,Tableau, Microsoft Power BI, PHP (CodeIgniter), Node.js, GitHub CI/CD, React, Flutter, Hadoop, machine learning pipelines, data analysis, Tableau , DNS configuration, SEO, domain management, Firebase, Git, JFrog , Supabase, Android Studio , REST APIs, Microservices, Agile, Unit Testing, API Integration, Cloud Functions, BERT, GPT, LLaMA.
- Soft skills :** Communication, Teamwork, Problem-solving, Critical Thinking, Adaptability, Time management, Leadership, Creativity.

CERTIFICATIONS AND PROJECTS

- RepoAnalyzer-Pro** : GitPython Repository cloning and parsing , FastAPI, React, TypeScript, Redis Gemini AI | [\[GitHub Link\]](#)
- MR-Tracking-System** : A Telegram Bot , Python, Docker, Redis , React, TypeScript , GMaps API | [\[GitHub Link\]](#)
- India-music-insights** : FastAPI + SQLAlchemy + SQLite, React, TypeScript, Docker, Spotify API, Tableau | [\[GitHub Link\]](#) [\[Live\]](#)
- Interior Design AI** : Python, Flask, Replica AI | [\[GitHub Link\]](#) [\[Live\]](#)
- Sports Management App** : Flutter , Firebase , GMaps API , Android | [\[GitHub Link\]](#)
- GitHub** : [Visheshsanghvi112](#) , **Linkedin** : [VisheshSanghvi](#) , **Chatbot** : [VisheshGPT](#) , **N8N Agents** : [\[Link\]](#)
- Certifications** : HackerRank SQL (Advanced) | ML for Data Science([IBM](#)) | Certified in Cybersecurity (CC-[ISC2](#)) | Deep Learning with GPUs ([Cognitive Class](#)) | AI/ML for Geodata Analysis [ISRO](#)

LEADERSHIP/ EXTRACURRICULAR

- Extra** : Served as Head of Venue Management for the All India Women's Chess Championship at HSNC University, HOD of Security for Annual Sports Day (2023 & 2024), medalist in inter-class games, awarded Best 2nd Year Project for an e-commerce website (2022), and completed **NDRF** National Disaster Relief Management training as an active NSS member, recently created a website for [Jaihind College](#) National Research Conference, also wrote a research paper on DeepFake detection and now a paper on early prediction of neurological diseases using Multimodal Ai.
